

Before Starting the CoC Application

The CoC Consolidated Application is made up of two parts: the CoC Application and the CoC Priority Listing, with all of the CoC's project applications either approved and ranked, or rejected. The Collaborative Applicant is responsible for submitting both the CoC Application and the CoC Priority Listing in order for the CoC Consolidated Application to be considered complete.

The Collaborative Applicant is responsible for:

- Reviewing the FY 2015 CoC Program Competition NOFA in its entirety for specific application and program requirements.
- Using the CoC Application Detailed Instructions for assistance with completing the application in e-snaps.
- Answering all questions in the CoC Application. It is the responsibility of the Collaborative Applicant to ensure that all imported and new responses in all parts of the application are fully reviewed and completed. When doing so, please keep in mind that:
 - This year, CoCs will see that a few responses have been imported from the FY 2013/FY 2014 CoC Application. Due to significant changes to the CoC Application questions, most of the responses from the FY 2013/FY 2014 CoC Application could not be imported.
 - For some questions, HUD has provided documents to assist Collaborative Applicants in filling out responses.
 - For other questions, the Collaborative Applicant must be aware of responses provided by project applicants in their Project Applications.
 - Some questions require that the Collaborative Applicant attach a document to receive credit. This will be identified in the question.
 - All questions marked with an asterisk (*) are mandatory and must be completed in order to submit the CoC Application.

1E. Centralized or Coordinated Assessment (Coordinated Entry)

Instructions:

For guidance on completing this form, please reference the FY 2015 CoC Application Detailed Instructions, the CoC Application Instructional Guides and the FY 2015 CoC Program NOFA. Please submit technical questions to the HUDEXchange Ask A Question.

CoCs are required by the CoC Program interim rule to establish a Centralized or Coordinated Assessment system – also referred to as Coordinated Entry. Based on the recent Coordinated Entry Policy Brief, HUD’s primary goals for coordinated entry processes are that assistance be allocated as effectively as possible and that it be easily accessible regardless of where or how people present for assistance. Most communities lack the resources needed to meet all of the needs of people experiencing homelessness. This combined with the lack of a well-developed coordinated entry processes can result in severe hardships for persons experiencing homelessness who often face long wait times to receive assistance or are screened out of needed assistance. Coordinated entry processes help communities prioritize assistance based on vulnerability and severity of service needs to ensure that people who need assistance the most can receive it in a timely manner. Coordinated entry processes also provide information about service needs and gaps to help communities plan their assistance and identify needed resources.

**1E-1. Explain how the CoC’s coordinated entry process is designed to identify, engage, and assist homeless individuals and families that will ensure those who request or need assistance are connected to proper housing and services.
(limit 1000 characters)**

1E-2. CoC Program and ESG Program funded projects are required to participate in the coordinated entry process, but there are many other organizations and individuals who may participate but are not required to do so. From the following list, for each type of organization or individual, select all of the applicable checkboxes that indicate how that organization or individual participates in the CoC's coordinated entry process. If the organization or person does not exist in the CoC's geographic area, select “Not Applicable.” If there are other organizations or persons that participate not on this list, enter the information, click "Save" at the bottom of the screen, and then select the applicable checkboxes.

For guidance on completing this form, please reference the FY 2015 CoC Application Detailed Instructions, the CoC Application Instructional Guides and the FY 2015 CoC Program NOFA. Please submit technical questions to the HUDEXchange Ask A Question.

The data collected during the PIT count is vital for both CoCs and HUD. Communities need accurate data to determine the size and scope of homelessness at the local level so they can best plan for services and programs that will appropriately address local needs and measure progress in addressing homelessness. HUD needs accurate data to understand the extent and nature of homelessness throughout the country, and to provide Congress and the Office of Management and Budget (OMB) with information regarding services provided, gaps in service, and performance. This information helps inform Congress' funding decisions, and it is vital that the data reported is accurate and of high quality.

2E-1. Did the CoC approve the final sheltered PIT count methodology for the 2015 sheltered PIT count?

2E-2. Indicate the date of the most recent sheltered PIT count (mm/dd/yyyy):

2E-2a. If the CoC conducted the sheltered PIT count outside of the last 10 days of January 2015, was an exception granted by HUD?

CoCs are required to conduct an unsheltered PIT count every 2 years (biennially) during the last 10 days in January; however, CoCs are strongly encouraged to conduct the unsheltered PIT count annually, at the same time that it does the annual sheltered PIT count. The last official PIT count required by HUD was in January 2015.

3B. Continuum of Care (CoC) Performance and Strategic Planning Objectives

Objective 1: Ending Chronic Homelessness

Instructions:

For guidance on completing this form, please reference the FY 2015 CoC Application Detailed Instructions, the CoC Application Instructional Guides and the FY 2015 CoC Program NOFA. Please submit technical questions to the HUDExchange Ask A Question.

Opening Doors, Federal Strategic Plan to Prevent and End Homelessness (as amended in 2015) establishes the national goal of ending chronic homelessness. Although the original goal was to end chronic homelessness by the end of 2015, that goal timeline has been extended to 2017. HUD is hopeful that communities that are participating in the Zero: 2016 technical assistance initiative will continue to be able to reach the goal by the end of 2016. The questions in this section focus on the strategies and resources available within a community to help meet this goal.

3B-1.1. Compare the total number of chronically homeless persons, which includes persons in families, in the CoC as reported by the CoC for the 2015 PIT count compared to 2014 (or 2013 if an unsheltered count was not conducted in 2014).

		2014 (for unsheltered count, most recent year conducted)	2015	Difference
Universe: Total PIT Count of sheltered and unsheltered chronically homeless persons				
Sheltered Count of chronically homeless persons				
Unsheltered Count of chronically homeless persons				

3B-1.1a. Using the "Differences" calculated in question 3B-1.1 above, explain the reason(s) for any increase, decrease, or no change in the overall TOTAL number of chronically homeless persons in the CoC, as well as the change in the unsheltered count, as reported in the PIT count in 2015 compared to 2014. To possibly receive full credit, both the overall total and unsheltered changes must be addressed. (limit 1000 characters)

3B-1.2. From the FY 2013/FY 2014 CoC Application: Describe the CoC's two year plan (2014-2015) to increase the number of permanent supportive housing beds available for chronically homeless persons and to meet the proposed numeric goals as indicated in the table above. Response should address the specific strategies and actions the CoC will take to achieve the goal of ending chronic homelessness by the end of 2015. (read only)

The specific strategies to meet the 2014 & 2015 numeric achievement are to increase the number of PSH beds for the chronically homeless (CH) and to increase the percentage of CH beds at turnover not dedicated to the CH. 2,519 beds is the baseline and the CoC will add 110 in 2014 including 20 CH beds funded in the 2012 CoC competition that will come on line in 2014, 50 Boston HA VASH vouchers dedicated to CH (new FY14 VASH just approved) and 40 beds through a MA Dept. of Public Health SAMSHA Grant-Mission: Housed to house 180 CH with co-occurring SA and MH disorders in the Boston area. 76 new beds will come on line in 2015 including 11 reallocated beds, 25 CH created through PSH development and 40 through Mission: Housed. The strategy for increasing turnover in the non-CH dedicated beds focuses on the PH Rental Assistance (RA) beds. Almost all of the non CH dedicated beds are RA beds. The CoC will work with RA providers to increase the number of beds for the CH. The CoC's goal is for 20 RA per year to be newly targeted to the CH to reach the target of 83% in 2015. Note-313 CH beds from prior years were left out of MBHP SPC HIC when consolidated.

3B-1.2a. Of the strategies listed in the FY 2013/FY 2014 CoC Application represented in 3B-1.2, which of these strategies and actions were accomplished? (limit 1000 characters)

3B-1.3. Compare the total number of PSH beds (CoC Program and non-CoC Program funded) that were identified as dedicated for use by chronically homeless persons on the 2015 Housing Inventory Count, as compared to those identified on the 2014 Housing Inventory Count.

	2014	2015	Difference
Number of CoC Program and non-CoC Program funded PSH beds dedicated for use by chronically homelessness persons identified on the HIC.			

3B-1.3a. Explain the reason(s) for any increase, decrease or no change in the total number of PSH beds (CoC Program and non CoC Program funded) that were identified as dedicated for use by chronically homeless persons on the 2015 Housing Inventory Count compared to those identified on the 2014 Housing Inventory Count. (limit 1000 characters)

3B-1.4. Did the CoC adopt the orders of priority in all CoC Program-funded PSH as described in Notice CPD-14-012: Prioritizing Persons Experiencing Chronic Homelessness in Permanent Supportive Housing and Recordkeeping Requirements for Documenting Chronic Homeless Status ?

3B-1.4a. If “Yes”, attach the CoC’s written standards that were updated to incorporate the order of priority in Notice CPD-14-012 and indicate the page(s) that contain the CoC’s update.

This field estimates the percentage of turnover beds that will be prioritized beds for persons experiencing chronic homelessness in the FY 2015 operating year.	

3B-1.6. Is the CoC on track to meet the goal of ending chronic homelessness by 2017?

This question will not be scored.

**3B-1.6a. If “Yes,” what are the strategies implemented by the CoC to maximize current resources to meet this goal? If “No,” what resources or technical assistance will be implemented by the CoC to reach the goal of ending chronically homeless by 2017?
