BRJP Highlights and Concerns:

- 26 Boston residents have been reported. 25 (96%) have been successfully verified.
- The current payroll submission time is 10 days. Payrolls that are submitted on time help monitor the project in a timely manner.
- The Carpenters trade is performing below the Employment standards for all categories (Boston Residents - 24%, People of Color - 21%, and Female – 4%).
- The Laborers trade (1st major trade) needs more female participation. They're currently at 3% which is below the Female employment standard goal.

RECOMMENDATIONS:

- Have all subcontractors fill out their work force documentation forms seeking to achieve employment standards. This shows us that subs are engaging with their union halls to actively diverse core crew.
- Payroll submissions should be submitted 7 days after the work week is completed.
- Invite business agents to upcoming pre-construction meetings to ensure sub-contractors are being pro-active in reaching employment standards prior to mobilizing on site.
- Continue to encourage subcontractors deficient in any category, to take steps to make improvements by providing information about pre-apprenticeship programs, such as Building Pathways and Youth Build.
