Assessing Dates and Fiscal Years

In Massachusetts, state law requires that all property be assessed at its full market value as of January 1st preceding the start of the fiscal year. It is the ownership, condition and value of the property on January 1st that determines an assessment and to whom the tax bill is assessed. Any new structures, additions, demolitions, improvements or alterations that occur after January 1st will not be reflected in the assessing records until the next January 1st. The only exception is certain exempt property which has a date of determination of July 1st.

In Massachusetts, the fiscal year commences on July 1st and ends on the following June 30th.

Property taxes are assessed for the fiscal year (July 1 - June 30) based on the value of the property as of the previous January 1st. For example, property taxes for Fiscal Year 2024 (July 1, 2023 to June 30, 2024) are based on the value of properties as of January 1, 2023.

Assessment Calendar Explanation
