**Description**

The CITY-exclusive Sunrise collection makes a relaxing spot to enjoy your time outdoors—at a great value. This 35” square table is made with a lightweight aluminum frame, legs and tabletop slats for a modern-coastal look. Sunrise is UV protected to prevent fading, as well as weather-, rust-, and water-resistant, so you can enjoy for years to come. This table seats up to 4.

To maintain your furniture, always protect with an outdoor cover (sold separately) when not in use. Also recommended to shade with an umbrella or keep in a shaded or covered area. Keep umbrellas closed and store furniture indoors during long periods of inclement weather.

Details
