### **Boston Pharmacy Syringe Ordinance**

In 2020, the City of Boston passed an ordinance requiring most pharmacies to establish a collection system to take back used sharps. The goal of this ordinance was to provide Boston residents with more convenient, safe ways to dispose of hypodermic needles, intravenous needles, lancets, and other sharps. Pharmacies may establish a kiosk or collection point inside or outside of their premises. Any person may dispose of their sharps at any collection point, without charge, whether they purchased the sharps at that pharmacy location or not.

Visit the City website to view a map of pharmacies accepting syringes:  
[boston.gov/government/cabinets/boston-public-health-commission/safe-needle-and-syringe-disposal](https://boston.gov/government/cabinets/boston-public-health-commission/safe-needle-and-syringe-disposal)

For any questions or concerns around a particular pharmacy's obligation under the ordinance, please reach out to the Boston Inspectional Services division: [elaine.grillo@boston.gov](mailto:elaine.grillo@boston.gov).
