PROGRAMS

OUTPATIENT
PROGRAMS

- Immediate, multi-lingual, barrier-free assessments and referrals to treatment for substance use disorder.
- Transportation to treatments anywhere in-state.
- Assistance with various health and social service resources including obtaining identification.

Helpful items for treatment placement*

- **Proof of Massachusetts Residency** - State identification card, utility bill, letter from a shelter.
- **Proof of Income** - Recent pay stub or tax forms to qualify for sliding scale fee (pay what you can afford, which can be zero)
- **Verification of Uninsured Status** - Documentation confirming you do not currently have an active private health insurance plan.

*Undocumented clients will not be refused services by PAATHS. Emergency crisis care and initial assessments require no documentation. However, a lack of relevant documents that help determine billing can be a barrier to placements.
